

CCSC is hosting a seminar with Brenda Aloff Working Your Performance Dog Through Stress, Arousal, and Distractibility.

May 4-5, 2024 – 9:00 am to 5:00 pm

Columbia Canine Sports Center is pleased to bring Brenda Aloff back for a two-day workshop and private lessons. Brenda's extensive background in dog behavior will give you a very perceptive look into what really makes your dog "tick". Learn how breed/ temperament affects the competition training process and acquire techniques you can use to improve both engagement and performance.

This upcoming presentation will focus on training the competition dog.

- How to get the most from the dog and breed you love
- How to get your dog off food and ring ready
- How to motivate the experienced dog
- How to motivate different temperament types including: the shy and sensitive dog, the over-zealous--anticipating dog, the pushy and reactive dog, the distracted dog or the one that has a poor work ethic.

Brenda has worked with all these types of dogs for many, many years and will give you valuable tips on how to improve your skills to bring out the best in your dog.
